## Technical Data Sheet

|                                  |                                    |
|----------------------------------|------------------------------------|
| <b>Product Name</b>              | Octadecyltrimethylammonium bromide |
| <b>Product No</b>                | 26205973                           |
| <b>CAS Number</b>                | 1120-02-1                          |
| <b>Storage Temperature</b>       | Ambient                            |
| <b>Molecular Weight</b>          | 392.50                             |
|                                  | <b>Specification</b>               |
| <b>Free Amine</b>                | ≤0.5                               |
| <b>Moisture</b>                  | ≤0.5                               |
| <b>Chromaticity</b>              | ≤200                               |
| <b>Appearance</b>                | White powder                       |
| <b>Heavy Metal</b>               | ≤5000                              |
| <b>Concentration (Titration)</b> | 99%min                             |
