

**3-Methylindole** Safety Data Sheet according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830 Date of issue: 4/11/2019 Version: 1.0

| SECTION 1: Identification of the subst  | ance/mixture and of the company/undertaking   |
|---|---|
| 1.1. Product identifier   |   |
| Product form  | : Substance   |
| Substance name  | : 3-Methylindole  |
| IUPAC name  | : 3-Methyl-1H-indole  |
| EC-No.  | : 201-471-7   |
| CAS-No.   | : 83-34-1   |
| Product code  | : 90028358  |
| Formula   | : C9H9N   |
| Product group   | : Raw material  |
| 1.2. Relevant identified uses of the substant   | nce or mixture and uses advised against   |
| 1.2.1. Relevant identified uses   |   |
| Main use category   | : Laboratory use, Industrial use, Professional use  |
| Industrial/Professional use spec  | : For professional use only   |
| 1.2.2. Uses advised against   |   |
| No additional information available   |   |
| 1.3. Details of the supplier of the safety dat  | ta sheet  |
| Supplier  |   |
| Scafell Organics<br>Molekula Ltd<br>Lingfield Way<br>Darlington - England<br>T +44 (0) 1949 823777 / +44 (0) 7590 545705<br>info@molekula.com / kbowen@molekula.com - www   | w.molekula.com  |
| 1.4. Emergency telephone number           Emergency number         :  | +44 (0) 7590 545705   |
| SECTION 2: Hazards identification<br>2.1. Classification of the substance or mixt   | ure   |
| Classification according to Regulation (EC) No.<br>Skin corrosion/irritation, Category 2<br>Serious eye damage/eye irritation, Category 2<br>Specific target organ toxicity — Single exposure, Ca<br>Respiratory tract irritation<br>Hazardous to the aquatic environment — Chronic H<br>Full text of H statements : see section 16 | H315<br>H319<br>ategory 3, H335   |
| Adverse physicochemical, human health and en<br>No additional information available   | vironmental effects   |
| 2.2. Label elements   |   |
| Labelling according to Regulation (EC) No. 1272<br>Hazard pictograms (CLP)  |   |
| Signal word (CLP)   | GHS07 GHS09<br>: Warning  |
| Signal word (CLP)<br>Hazard statements (CLP)  |   |
| nazaru statements (CLP)   | : H315 - Causes skin irritation.<br>H319 - Causes serious eye irritation.<br>H335 - May cause respiratory irritation.<br>H411 - Toxic to aquatic life with long lasting effects.  |
| Precautionary statements (CLP)  | <ul> <li>P210 - Keep away from heat, hot surfaces, sparks, open flames and other ignition sources.<br/>No smoking.</li> <li>P260 - Do not breathe dusts or mists.</li> <li>P280 - Wear protective clothing, eye protection, face protection, protective gloves.</li> <li>P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.</li> <li>P501 - Dispose of contents and container to a hazardous or special waste collection point.</li> </ul> |
| 2.3. Other hazards<br>This substance/mixture does not meet the PBT crite  | aria of REACH regulation, annex XIII  |

This substance/mixture does not meet the PBT criteria of REACH regulation, annex XIII

This substance/mixture does not meet the vPvB criteria of REACH regulation, annex XIII

| 3.1. Substances                           |   |     |
|---|---|-----|
| Name                                      | Product identifier  | %   |
| 3-Methylindole                            | (CAS-No.) 83-34-1<br>(EC-No.) 201-471-7   | 100 |
| Full text of H-statements: see section 16 |   |     |
| 3.2. Mixtures                             |   |     |
| Not applicable                            |   |     |
| SECTION 4: First aid measures             |   |     |
| 4.1. Description of first aid measures    |   |     |
| First-aid measures general                | : If possible show this sheet, if not available show packaging or label. Never give anything by |     |

| Ĵ   | mouth to an unconscious person. Do not leave affected person unattended.  |
|---|---|
| First-aid measures after inhalation         | <ul> <li>If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable<br/>for breathing. Give oxygen or artificial respiration if necessary. If breathing difficulties<br/>persist : Get medical advice/attention.</li> </ul> |
| First-aid measures after skin contact       | : After contact with skin, take off immediately all contaminated clothing, and wash<br>immediately with plenty of water. Do not remove clothing if it sticks to the skin. If irritation<br>persists, consult a doctor.  |
| First-aid measures after eye contact        | : Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do.<br>Continue rinsing. If eye irritation persists: Get medical advice/attention.  |
| First-aid measures after ingestion          | : Rinse mouth out with water. Do not induce vomiting. Get medical advice/attention.   |
| 4.2. Most important symptoms and effects,   | both acute and delayed  |
| Symptoms/effects after inhalation           | : Inhalation may cause irritation (cough, short breathing, difficulty in breathing). Headache.  |
| Symptoms/effects after skin contact         | : May cause moderate irritation, including burning sensation, tearing, redness or swelling.<br>Itching.   |
| Symptoms/effects after eye contact          | : Causes serious eye irritation. redness, itching, tears. stinging.   |
| Symptoms/effects after ingestion            | : May cause irritation to the digestive tract. Abdominal pain, nausea.  |
| 4.3. Indication of any immediate medical at | tention and special treatment needed  |

. Indication of any immediate medical attention and special treatment neede Get immediate medical advice/attention.

| SECTION 5: Firefighting measures                 |  |
|--|--|
| 5.1. Extinguishing media                         |  |
| Suitable extinguishing media                     | : Foam. Dry powder. Carbon dioxide. Water spray. Sand.   |
| Unsuitable extinguishing media                   | : Do not use a heavy water stream.   |
| 5.2. Special hazards arising from the substa     | ance or mixture  |
| Hazardous decomposition products in case of fire | : Carbon oxides (CO, CO2). Nitrogen oxides.  |
| 5.3. Advice for firefighters                     |  |
| Precautionary measures fire                      | : Keep container tightly closed and away from heat, sparks and flame. Keep away from combustible materials.  |
| Firefighting instructions                        | : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any<br>chemical fire. Prevent fire fighting water from entering the environment. |
| Protection during firefighting                   | : Do not enter fire area without proper protective equipment, including respiratory protection.  |
| Other information                                | : Warn all persons of toxic hazard.  |

| SECTION 6: Accidental release measu        | ires   |
|--|--|
| 6.1. Personal precautions, protective equi | pment and emergency procedures   |
| General measures                           | : Isolate from fire, if possible, without unnecessary risk. Avoid dust formation. No flames, no sparks. Eliminate all sources of ignition.   |
| 6.1.1. For non-emergency personnel         |  |
| Protective equipment                       | : Wear recommended personal protective equipment.  |
| Emergency procedures                       | : Evacuate unnecessary personnel. Mark out the contaminated area with signs and prevent access to unauthorized personnel. Do not touch or walk on the spilled product. Avoid contact with skin, eyes and clothing. |
| Measures in case of dust release           | : Keep upwind. Avoid creating or spreading dust. Ventilate the area thoroughly, especially low lying areas (basements, workpits etc).  |
| 6.1.2. For emergency responders            |  |
| Protective equipment                       | : Equip cleanup crew with proper protection. Use self-contained breathing apparatus and<br>chemically protective clothing.   |
| Emergency procedures                       | : Ventilate area.  |
|  |  |

## 3-Methylindole

### Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

### 6.2. Environmental precautions

Prevent entry to sewers and public waters. Notify authorities if product enters sewers or public waters.

6.3. Methods and material for containment and cleaning up

Methods for cleaning up

: On land, sweep or shovel into suitable containers. Shovel or sweep up and put in a closed container for disposal.

### 6.4. Reference to other sections

See Heading 8. Exposure controls and personal protection.

| SECTION 7: Handling and storage               |  |
|---|--|
| 7.1. Precautions for safe handling            |  |
| Precautions for safe handling                 | : Avoid creating or spreading dust. Provide local exhaust or general room ventilation.   |
| Hygiene measures                              | : Take off immediately all contaminated clothing and wash it before reuse. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Do not eat, drink or smoke when using this product. |
| 7.2. Conditions for safe storage, including a | ny incompatibilities   |
| Technical measures                            | : Ensure adequate ventilation, especially in confined areas.   |
| Storage conditions                            | : Keep only in the original container in a cool, well ventilated place away from : Heat sources, Direct sunlight. Keep container closed when not in use.   |
| Incompatible products                         | : Strong oxidisers. Acid anhydrides. Acid chlorides. Strong acids.   |
| Incompatible materials                        | : Sources of ignition. Direct sunlight. Heat sources.  |
| Heat and ignition sources                     | : Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.   |
| Storage area                                  | : Store below 20 °C. Store in a dry place. Store in a closed container.  |
| 7.3. Specific end use(s)                      |  |
| No additional information available           |  |

### No additional information available

| <b>SECTION 8: Ex</b> | posure controls/ | personal | protection |
|----------------------|------------------|----------|------------|
|----------------------|------------------|----------|------------|

8.1. Control parameters No additional information available

### 8.2. Exposure controls

Appropriate engineering controls:

Handle in accordance with good industrial hygiene and safety procedures.

### Personal protective equipment:

Avoid all unnecessary exposure.

| Hand protection:         |                        |                             |                          |                          |          |
|--------------------------|------------------------|-----------------------------|--------------------------|--------------------------|----------|
| The protective gloves to | be used must comply wi | th the specifications of th | e regulation 2016/425 an | d the resultant standard | EN 374   |
| Туре                     | Material               | Permeation                  | Thickness (mm)           | Penetration              | Standard |
| Disposable gloves        | Nitrile rubber (NBR)   | 6 (> 480 minutes)           | 0.11                     |                          | EN 374   |
|                          |                        |                             |                          |                          |          |

### Eye protection:

Emergency eye wash fountains should be available in the immediate vicinity of any potential exposure. Use eye protection according to EN 166, designed to protect against powders and dusts.

| Туре           | Use             | Characteristics                                   | Standard |
|----------------|-----------------|---|----------|
| Safety goggles | Fine dust, Dust | tightly fitting safety goggles, With side shields | EN 166   |

### Skin and body protection:

Emergency safety showers should be available in the immediate vicinity of any potential exposure. Keep suitable chemically resistant protective clothing readily available for emergency use

| Туре   | Standard     |
|--|--------------|
| Protective clothing (with elasticated cuffs and closed neck) | EN ISO 13982 |

### **Respiratory protection:**

Keep self contained breathing apparatus readily available for emergency use. Where exposure through inhalation may occur from use, respiratory protection equipment is recommended

| Device   | Filter type      | Condition       | Standard |
|--|------------------|-----------------|----------|
| Respiratory protective device with a particle filter | Туре Р1, Туре Р2 | Dust protection | EN 14387 |

### Other information:

Do not eat, drink or smoke during use.

| SECTION 9: Physical and chemical p         | roportios             |
|--|-----------------------|
| 9.1. Information on basic physical and ch  |                       |
| Physical state                             | : Solid               |
| Appearance                                 | : Crystalline powder. |
| Molecular mass                             | : 131.17 g/mol        |
| Colour                                     | : Off-white. Beige.   |
| Odour                                      | : No data available.  |
| Odour threshold                            | : No data available   |
| рН   | : No data available   |
| Relative evaporation rate (butylacetate=1) | : No data available   |
| Melting point                              | : 92 - 97 °C lit.     |
| Freezing point                             | : No data available   |
| Boiling point                              | : 265 - 266 °C lit.   |
| Flash point                                | : 132 °C closed cup.  |
| Auto-ignition temperature                  | : No data available   |
| Decomposition temperature                  | : No data available   |
| Flammability (solid, gas)                  | : Non flammable.      |
| Vapour pressure                            | : No data available   |
| Relative vapour density at 20 °C           | : No data available   |
| Relative density                           | : No data available   |
| Solubility                                 | : No data available   |
| Log Pow                                    | : No data available   |
| Viscosity, kinematic                       | : No data available   |
| Viscosity, dynamic                         | : No data available   |
| Explosive properties                       | : No data available   |
| Oxidising properties                       | : No data available   |
| Explosive limits                           | : No data available   |
| 9.2. Other information                     |                       |

No additional information available

| The product is non-reactive under normal conditions of use, storage and transport.  10.2. Chemical stability Stable under recommended handling and storage conditions (see section 7).  10.3. Possibility of hazardous reactions No dangerous reactions known under normal conditions of use.  10.4. Conditions to avoid Protect from sunlight. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.  10.5. Incompatible materials Strong oxidizers. Acid anhydrides. Acid chlorides. Strong acids. | SECTION 10: Stability and reactivity 10.1. Reactivity  |
