

Specification

Technical Data Sheet

Product Name	Bis(2-ethylhexyl) hydrogen phosphate
---------------------	--------------------------------------

Product No	10092482
-------------------	----------

CAS Number	298-07-7
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	322.42
-------------------------	--------

Specification

Appearance	Clear colourless to pale yellow liquid
-------------------	--

Assay	≥ 95.0%
--------------	---------

Identification (IR)	Conforms to Reference
----------------------------	-----------------------
