

Specification

Technical Data Sheet

Product Name	2,4-Dichloroaniline
---------------------	---------------------

Product No	10099643
-------------------	----------

CAS Number	554-00-7
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	162.02
-------------------------	--------

Specification

Appearance	White crystalline needle
-------------------	--------------------------

Melting Point	61.1 - 62 Deg C
----------------------	-----------------

Purity by GC	>99%
---------------------	------
