

Specification

Technical Data Sheet

Product Name	Sodium nitroprusside
---------------------	----------------------

Product No	10298102
-------------------	----------

CAS Number	13755-38-9
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	297.951
-------------------------	---------

Specification

Appearance	Wine red crystals
-------------------	-------------------

Assay	≥99.0%
--------------	--------

Chloride	≤0.02%
-----------------	--------

Insoluble Matter	≤0.01%
-------------------------	--------

Moisture Content (KF)	9.00 TO 15.00%
------------------------------	----------------
