

Specification

Technical Data Sheet

Product Name	Indazole-5-carboxylic acid
---------------------	----------------------------

Product No	10319301
-------------------	----------

CAS Number	61700-61-6
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	162.15
-------------------------	--------

Specification

Appearance	White to beige solid
-------------------	----------------------

Melting Point	317-322 °C
----------------------	------------

Assay (NaOH)	≥97.0%
---------------------	--------
