

Specification

Technical Data Sheet

Product Name	2-Nitrobenzaldehyde
---------------------	---------------------

Product No	10585537
-------------------	----------

CAS Number	552-89-6
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	151.12
-------------------------	--------

Specification

Appearance	Off-white to yellow powder
-------------------	----------------------------

Melting Point	39 - 46°C
----------------------	-----------

Water	≤0.5%
--------------	-------

Assay	≥99.0%
--------------	--------

Identification (IR)	Conforms to Reference
----------------------------	-----------------------
