

# Specification

## Technical Data Sheet

<b>Product Name</b>	N,O-Dimethylhydroxylamine hydrochloride
---------------------	---

<b>Product No</b>	12319835
-------------------	----------

<b>CAS Number</b>	6638-79-5
-------------------	-----------

<b>Storage Temperature</b>	Ambient
----------------------------	---------

<b>Molecular Weight</b>	97.54
-------------------------	-------

### Specification

<b>Appearance</b>	Off-white to white crystalline powder
-------------------	---------------------------------------

<b>Identification</b>	Conforms to reference
-----------------------	-----------------------

<b>Melting Point</b>	112 - 116°C
----------------------	-------------

<b>Water</b>	≤1.0%
--------------	-------

<b>Assay GC</b>	≥98.0%
-----------------	--------

<b>Assay Titration</b>	≥98.0%
------------------------	--------
