

Specification

Technical Data Sheet

Product Name	N-Methylphenethylamine
---------------------	------------------------

Product No	12992604
-------------------	----------

CAS Number	589-08-2
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	135.21
-------------------------	--------

Specification

Appearance	Colourless to light yellow liquid
-------------------	-----------------------------------

Heavy metals	≤ 20 ppm
---------------------	---------------

Water	$\leq 0.5\%$
--------------	--------------

Purity	$\geq 98.5\%$
---------------	---------------
