

Specification

Technical Data Sheet

Product Name	N-Acetyl-D-mannosamine
---------------------	------------------------

Product No	13330633
-------------------	----------

CAS Number	7772-94-3
-------------------	-----------

Storage Temperature	-15 to -20 °C
----------------------------	---------------

Molecular Weight	221.21
-------------------------	--------

Specification

Appearance	White to off-white crystalline powder
-------------------	---------------------------------------

Identification	Conforms to reference
-----------------------	-----------------------

Melting Point	118-121°C
----------------------	-----------

Purity (HPLC)	≥99.0%
----------------------	--------

Residue on ignition	≤0.2%
----------------------------	-------

Solubility	50mg/ml, Clear colourless solution
-------------------	------------------------------------
