

Specification

Technical Data Sheet

Product Name	3',4'-Dihydroxyacetophenone
---------------------	-----------------------------

Product No	13833699
-------------------	----------

CAS Number	1197-09-7
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	152.15
-------------------------	--------

Specification

Appearance	Off-white to pink or light brown powder
-------------------	---

Identification	Conforms to reference
-----------------------	-----------------------

Melting Point	Reported
----------------------	----------

Purity	≥ 97%
---------------	-------
