

Specification

Technical Data Sheet

Product Name	1-(2-Methoxyphenyl)piperazine
---------------------	-------------------------------

Product No	13845756
-------------------	----------

CAS Number	35386-24-4
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	192.26
-------------------------	--------

Specification

Appearance	Clear colorless to light yellow liquid after melting
-------------------	--

Purity (GC)	>98%
--------------------	------

Water Content	<0.5%
----------------------	-------

Identification (by GC)	
-------------------------------	--
