

Specification

Technical Data Sheet

| | |
|---------------------|--------------------------------------|
| Product Name | EDTA magnesium disodium salt hydrate |
|---------------------|--------------------------------------|

| | |
|-------------------|----------|
| Product No | 14391670 |
|-------------------|----------|

| | |
|-------------------|------------|
| CAS Number | 14402-88-1 |
|-------------------|------------|

| | |
|----------------------------|---------|
| Storage Temperature | Ambient |
|----------------------------|---------|

| | |
|-------------------------|--------|
| Molecular Weight | 358.49 |
|-------------------------|--------|

Specification

| | |
|-------------------|-------------------------------|
| Appearance | White Fine Crystalline Powder |
|-------------------|-------------------------------|

| | |
|-----------------------|-----------------------|
| Identification | Conforms to reference |
|-----------------------|-----------------------|

| | |
|-------------------|----------------------------------|
| Solubility | Soluble in Water, Clear Solution |
|-------------------|----------------------------------|

| | |
|----------------------------|-------|
| Assay (dried basis) | ≥ 98% |
|----------------------------|-------|

| | |
|--------------------------|-----------|
| Ph (5 % Solution) | 4.0 - 8.0 |
|--------------------------|-----------|
