

Specification

Technical Data Sheet

Product Name	Antimony (III) fluoride
---------------------	-------------------------

Product No	15802701
-------------------	----------

CAS Number	7783-56-4
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	178.76
-------------------------	--------

Specification

Appearance	White to off-white powder
-------------------	---------------------------

Chloride (Cl)	$\leq 0.01\%$
----------------------	---------------

Iron (Fe)	$\leq 0.02\%$
------------------	---------------

Purity	$\geq 98\%$
---------------	-------------

Sulphate (SO4)	$\leq 0.02\%$
-----------------------	---------------
