

Specification

Technical Data Sheet

Product Name	Fuchsin acid
---------------------	--------------

Product No	16313560
-------------------	----------

CAS Number	3244-88-0
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	585.53
-------------------------	--------

Specification

Appearance	Blue/green/reddish brown powder
-------------------	---------------------------------

Solubility	Clear solution, no particles
-------------------	------------------------------

Strength	100% min
-----------------	----------

Water Content	10.0%max
----------------------	----------

Water insoluble	0.2% max
------------------------	----------
