

Specification

Technical Data Sheet

Product Name	2,7-Dihydroxynaphthalene
---------------------	--------------------------

Product No	16360692
-------------------	----------

CAS Number	582-17-2
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	160.17
-------------------------	--------

Specification

Appearance	White to pale grey or pale brown Crystals or powder or crystalline powder
-------------------	---

Melting Point	184-191°C
----------------------	-----------

Assay	≥ 96.0%
--------------	---------
