

Specification

Technical Data Sheet

Product Name	1-Naphthaldehyde
---------------------	------------------

Product No	16753483
-------------------	----------

CAS Number	66-77-3
-------------------	---------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	156.18
-------------------------	--------

Specification

Appearance	Light-yellow oil liquid
-------------------	-------------------------

Identification	positive (by GC)
-----------------------	------------------

2-Naphthaldehyde	<2.00%
-------------------------	--------

Assay	≥98% (volumetric)
--------------	-------------------

Total (known and unknown)	<3.00%
----------------------------------	--------
