

Specification

Technical Data Sheet

Product Name	Gluconic acid potassium salt
---------------------	------------------------------

Product No	16766260
-------------------	----------

CAS Number	299-27-4
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	234.25
-------------------------	--------

Specification

Appearance	White powder
-------------------	--------------

Heavy metals	≤ 20ppm
---------------------	---------

Loss on Drying	≤ 3.0%
-----------------------	--------

Assay	97.0 - 103.0%
--------------	---------------

Reducing Substances	≤ 1.0%
----------------------------	--------

Identification (IR)	Conforms to Reference
----------------------------	-----------------------
