

Specification

Technical Data Sheet

Product Name	1,2-Naphthoquinone-4-sulfonic acid sodium salt
---------------------	--

Product No	16925855
-------------------	----------

CAS Number	521-24-4
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	260.19847
-------------------------	-----------

Specification

Appearance	Orange Powder
-------------------	---------------

Assay (HPLC)	≥97.0%
---------------------	--------

Identification (IR)	Conform to Standard
----------------------------	---------------------
