

Specification

Technical Data Sheet

Product Name	Tetramethylthiuram disulfide
---------------------	------------------------------

Product No	17455879
-------------------	----------

CAS Number	137-26-8
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	240.43
-------------------------	--------

Specification

Appearance	White to light gray powder or granular
-------------------	--

Ash	≤0.3%
------------	-------

Identification	Conforms to reference
-----------------------	-----------------------

Loss on Drying	≤0.5%
-----------------------	-------

Melting Point	≥142°C
----------------------	--------

Assay	97% min
--------------	---------
