

Specification

Technical Data Sheet

Product Name	Manganese sulfate monohydrate
---------------------	-------------------------------

Product No	17840816
-------------------	----------

CAS Number	10034-96-5
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	169.02
-------------------------	--------

Specification

Appearance	White to pink crystalline powder
-------------------	----------------------------------

Heavy metals	$\leq 0.0002\%$
---------------------	-----------------

Assay	$\geq 99.0\%$
--------------	---------------

Chloride (Cl)	$\leq 0.002\%$
----------------------	----------------

Insoluble Matter	$\leq 0.005\%$
-------------------------	----------------

Iron (Fe)	$\leq 0.0005\%$
------------------	-----------------

Nickel (Ni)	$\leq 0.02\%$
--------------------	---------------

Specification

Zinc (Zn)

≤0.02%
