

Specification

Technical Data Sheet

Product Name	Thiabendazole (2-(4-thiazolyl)benzimidazole)
---------------------	--

Product No	18010795
-------------------	----------

CAS Number	148-79-8
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	201.25
-------------------------	--------

Specification

Appearance	white to off-white crystal powder
-------------------	-----------------------------------

Melting Point	296-303°C
----------------------	-----------

Water	≤0.5%
--------------	-------

Assay	≥98.0%
--------------	--------
