

Specification

Technical Data Sheet

Product Name	Succinic anhydride
---------------------	--------------------

Product No	18083986
-------------------	----------

CAS Number	108-30-5
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	100.07
-------------------------	--------

Specification

Appearance	White flake or solid
-------------------	----------------------

Melting Point	117-121 °C
----------------------	------------

Chloride	≤ 0.03%
-----------------	---------

Chromaticity (APHA)	≤ 30 %
----------------------------	--------

Purity	99.0 % min
---------------	------------

Sulfide	≤ 0.01%
----------------	---------

Unsaturation	≤ 0.05%
---------------------	---------

Specification

Heavy Metal $\leq 0.005\%$

Residue of ignition $\leq 0.1\%$
