

Specification

Technical Data Sheet

Product Name	N,N,N,N-Tetramethyl-1,4-phenylenediamine
---------------------	--

Product No	18154918
-------------------	----------

CAS Number	100-22-1
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	164.25
-------------------------	--------

Specification

Appearance	Purple to brown crystalline powder
-------------------	------------------------------------

Melting Point	47°C - 53°C
----------------------	-------------

Purity	>98.0%
---------------	--------
