

Specification

Technical Data Sheet

Product Name	Copper(II) chloride, Anhydrous
---------------------	--------------------------------

Product No	18367746
-------------------	----------

CAS Number	7447-39-4
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	134.45
-------------------------	--------

Specification

Appearance	Yellow to brown powder
-------------------	------------------------

pH	2.0 - 4.0
-----------	-----------

Water	≤ 0.75%
--------------	---------

Water-insoluble matter	≤ 0.25%
-------------------------------	---------

Assay	≥ 98.0%
--------------	---------

Assay (cu)	≥ 46.0%
-------------------	---------

Copper Nitrate	≤ 0.75%
-----------------------	---------
