

Specification

Technical Data Sheet

Product Name	4,4-Dimethoxybutan-2-one
---------------------	--------------------------

Product No	18435236
-------------------	----------

CAS Number	5436-21-5
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	132.16
-------------------------	--------

Specification

Appearance	Colourless to light yellow liquid
-------------------	-----------------------------------

Boiling Point	178.0°C
----------------------	---------

Assay	≥92.0%
--------------	--------
