

# Specification

## Technical Data Sheet

|                     |                                |
|---------------------|--------------------------------|
| <b>Product Name</b> | 2'-Trifluoromethylacetophenone |
|---------------------|--------------------------------|

|                   |          |
|-------------------|----------|
| <b>Product No</b> | 19006781 |
|-------------------|----------|

|                   |            |
|-------------------|------------|
| <b>CAS Number</b> | 17408-14-9 |
|-------------------|------------|

|                            |         |
|----------------------------|---------|
| <b>Storage Temperature</b> | Ambient |
|----------------------------|---------|

|                         |        |
|-------------------------|--------|
| <b>Molecular Weight</b> | 188.15 |
|-------------------------|--------|

### Specification

|                   |                             |
|-------------------|-----------------------------|
| <b>Appearance</b> | Colourless to yellow liquid |
|-------------------|-----------------------------|
