

Specification

Technical Data Sheet

Product Name	Potassium ferricyanide
---------------------	------------------------

Product No	19316295
-------------------	----------

CAS Number	13746-66-2
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	329.24
-------------------------	--------

Specification

Appearance	Red Crystal or powder
-------------------	-----------------------

Assay	$\geq 99.5\%$
--------------	---------------

Water insoluble	$\leq 0.01\%$
------------------------	---------------

Chloride (KCl)	$\leq 0.2\%$
-----------------------	--------------

K₄Fe(CN)₆	$\leq 0.16\%$
--	---------------
