

Specification

Technical Data Sheet

Product Name	DL-Threonine
Product No	19522182
CAS Number	80-68-2
Storage Temperature	Ambient
Molecular Weight	119.12
	Specification
Appearance	White crystals or crystalline powder
Arsenic	2ppm max
Heavy metals	10ppm max
Identification	Conforms to reference
Loss on Drying	0.20% max
pH	5.0 - 6.5
Assay	98.0% min

Specification

Chloride	0.020% max
-----------------	------------

Other amino acids	Not detected
--------------------------	--------------

Residue on Ignition	0.10% max
----------------------------	-----------

State of Solution	98% min
--------------------------	---------
