

Specification

Technical Data Sheet

Product Name	o-Cresolphthalein Complexone
---------------------	------------------------------

Product No	20195051
-------------------	----------

CAS Number	2411-89-4
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	636.62
-------------------------	--------

Specification

Appearance	White to off-white powder
-------------------	---------------------------

Loss on Drying	≤ 10.0%
-----------------------	---------

Carbon	58 - 63%
---------------	----------

Lambda max	561 to 581nm (0.1N sodium hydroxide aq.)
-------------------	--

Nitrogen	4.1 - 4.7%
-----------------	------------

Residue on Ignition	≤ 0.5%
----------------------------	--------

Solubility	Clear purple solution
-------------------	-----------------------
