

Specification

Technical Data Sheet

Product Name	D-Melezitose monohydrate
---------------------	--------------------------

Product No	20728524
-------------------	----------

CAS Number	597-12-6
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	522.45
-------------------------	--------

Specification

Specific rotation	+87 to +90
--------------------------	------------

Water	7% max
--------------	--------

Solubility in water	Almost transparency
----------------------------	---------------------

Purity GC	99% min
------------------	---------
