

Specification

Technical Data Sheet

Product Name	Acetic anhydride SG
---------------------	---------------------

Product No	21238314
-------------------	----------

CAS Number	108-24-7
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	102.09
-------------------------	--------

Specification

Appearance	Clear colourless liquid
-------------------	-------------------------

Refractive Index	1.3885 - 1.3915 (20°C)
-------------------------	------------------------

Assay (GC)	≥99.0%
-------------------	--------

Identification (IR)	Conforms to structure
----------------------------	-----------------------
