

Specification

Technical Data Sheet

Product Name	Quinoline-4-carboxylic acid
---------------------	-----------------------------

Product No	21406704
-------------------	----------

CAS Number	486-74-8
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	173.17
-------------------------	--------

Specification

Appearance	Cream to Brown Powder
-------------------	-----------------------

Identification	Conforms to reference
-----------------------	-----------------------
