

Specification

Technical Data Sheet

Product Name	Sodium hydrogen sulfide
---------------------	-------------------------

Product No	21729608
-------------------	----------

CAS Number	16721-80-5
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	55.06
-------------------------	-------

Specification

Appearance	Yellow, orange or brown flakes
-------------------	--------------------------------

Assay	70 - 72.5%
--------------	------------

Iron (Fe)	≤ 10ppm
------------------	---------

Na₂CO₃	≤ 1.0%
-------------------------------------	--------

Na₂S	≤ 2.5%
------------------------	--------
