

Specification

Technical Data Sheet

Product Name	N,N-Dimethylglycine
---------------------	---------------------

Product No	21966200
-------------------	----------

CAS Number	1118-68-9
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	103.12
-------------------------	--------

Specification

Appearance	White crystalline particles
-------------------	-----------------------------

Purity	≥98.0%
---------------	--------
