

Specification

Technical Data Sheet

Product Name	5-Sulfoisophthalic acid, sodium salt
---------------------	--------------------------------------

Product No	22105146
-------------------	----------

CAS Number	6362-79-4
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	268.18
-------------------------	--------

Specification

Appearance	White powder
-------------------	--------------

pH	1.8 - 2.2
-----------	-----------

Assay	NLT 99%
--------------	---------

Iron	<5mg/kg
-------------	---------

Moisture	<0.5%
-----------------	-------

Sulfate	<500mg/kg
----------------	-----------

Acidity (mgKOH/g)	418 +/-3
--------------------------	----------
