

Specification

Technical Data Sheet

Product Name	Bromocresol Green sodium salt
---------------------	-------------------------------

Product No	22616681
-------------------	----------

CAS Number	62625-32-5
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	720.00
-------------------------	--------

Specification

Appearance	Brownish Green powder
-------------------	-----------------------

Loss on Drying	≤5%
-----------------------	-----

Specific absorption	≥350
----------------------------	------

Transition range (pH 3.8 - 5.4)	2.8-5.4
--	---------

Wavelength of max absorption	610.0-620.0 nm
-------------------------------------	----------------

Solubility (0.1% Distilled Water)	Clear Blue Solution
--	---------------------
