

# Specification

## Technical Data Sheet

<b>Product Name</b>	1-(4-Nitrophenyl)glycerol (PNPG)
---------------------	----------------------------------

<b>Product No</b>	22716269
-------------------	----------

<b>CAS Number</b>	2207-68-3
-------------------	-----------

<b>Storage Temperature</b>	2 to 8 °C
----------------------------	-----------

<b>Molecular Weight</b>	213.19
-------------------------	--------

### Specification

<b>Appearance</b>	Pale yellow/cream powder
-------------------	--------------------------

<b>Identification</b>	Conforms to reference
-----------------------	-----------------------

<b>HPLC</b>	≥97.0%
-------------	--------

<b>Purity</b>	Free p-Nitrophenol ≤0.1%
---------------	--------------------------

<b>Solution Test</b>	10% solution in methanol is clear and faintly yellow
----------------------	--
