

Specification

Technical Data Sheet

Product Name	2-Mercaptothiazoline
---------------------	----------------------

Product No	22754331
-------------------	----------

CAS Number	96-53-7
-------------------	---------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	119.21
-------------------------	--------

Specification

Appearance	White or light yellow powder
-------------------	------------------------------

Ash	$\leq 0.3\%$
------------	--------------

Melting Point	104°C - 107°C
----------------------	---------------

Purity	$\geq 98\%$
---------------	-------------

Water Content	$\leq 0.4\%$
----------------------	--------------
