

Specification

Technical Data Sheet

Product Name	Triphenylphosphine (TPP)
---------------------	--------------------------

Product No	23253991
-------------------	----------

CAS Number	603-35-0
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	262.29
-------------------------	--------

Specification

Appearance	White Powder
-------------------	--------------

Fe	9 - 10 ppm
-----------	------------

Melting Point	79 - 82 Deg C
----------------------	---------------

SO4	9 - 13 ppm
------------	------------

Assay	>99.7
--------------	-------

Chloride (Cl)	11 - 13ppm
----------------------	------------
