

Specification

Technical Data Sheet

Product Name	tri-Sodium phosphate anhydrous
---------------------	--------------------------------

Product No	23442991
-------------------	----------

CAS Number	7601-54-9
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	163.94
-------------------------	--------

Specification

Appearance	White powder
-------------------	--------------

Arsenic	$\leq 0.0003\%$
----------------	-----------------

Heavy metals	$\leq 0.001\%$
---------------------	----------------

pH	11.5 - 12.5
-----------	-------------

Assay	$\geq 97\%$
--------------	-------------

Chlorine	$\leq 0.005\%$
-----------------	----------------

Fluorine (F)	$\leq 0.005\%$
---------------------	----------------

Specification

Water insoluble

$\leq 0.2\%$
