

# Specification

## Technical Data Sheet

<b>Product Name</b>	Pentafluorophenyl acetate
---------------------	---------------------------

<b>Product No</b>	23628475
-------------------	----------

<b>CAS Number</b>	19220-93-0
-------------------	------------

<b>Storage Temperature</b>	2 to 8 °C
----------------------------	-----------

<b>Molecular Weight</b>	226.10
-------------------------	--------

### Specification

<b>Appearance</b>	Clear colourless crystals
-------------------	---------------------------

<b>Melting Point</b>	27 - 33°C
----------------------	-----------

<b>Colour on the melted product</b>	Clear colourless liquid
-------------------------------------	-------------------------

<b>Identification (IR)</b>	Conforms to Reference
----------------------------	-----------------------

<b>Purity GC</b>	≥ 98.0%
------------------	---------
