

Specification

Technical Data Sheet

Product Name	1,5-Dihydroxynaphthalene
---------------------	--------------------------

Product No	23668551
-------------------	----------

CAS Number	83-56-7
-------------------	---------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	160.17
-------------------------	--------

Specification

Appearance	gray-white-off white powder
-------------------	-----------------------------

Melting Point	250-260 °C
----------------------	------------

Purity (HPLC)	≥98%
----------------------	------

Alkali insoluble	≤0.5%
-------------------------	-------

Salt Content	≤0.1%
---------------------	-------
