

Specification

Technical Data Sheet

Product Name	Phentolamine methanesulfonate (Phentolamine mesylate)
---------------------	---

Product No	24470424
-------------------	----------

CAS Number	65-28-1
-------------------	---------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	377.46
-------------------------	--------

Specification

Appearance	White powder
-------------------	--------------

Molecular Weight	377.46
-------------------------	--------

Storage Temperature	+20 °C
----------------------------	--------

Loss on Drying	≤0.5%
-----------------------	-------

Assay	98.0%~102.0%
--------------	--------------

Residue on Ignition	≤0.1%
----------------------------	-------

Specification	Conforms to USP 32
----------------------	--------------------

Specification

Sulfate $\leq 0.2\%$

Individual Purity: $\leq 0.5\%$
