

# Specification

## Technical Data Sheet

<b>Product Name</b>	Chromotropic acid disodium salt dihydrate
---------------------	---

<b>Product No</b>	25454876
-------------------	----------

<b>CAS Number</b>	5808-22-0
-------------------	-----------

<b>Storage Temperature</b>	Ambient
----------------------------	---------

<b>Molecular Weight</b>	400.29
-------------------------	--------

### Specification

<b>Appearance</b>	White to grey, beige or brown powder
-------------------	--------------------------------------

<b>Loss on Drying</b>	<10.0%
-----------------------	--------

<b>Assay (anhydrous basis)</b>	≥ 97.0%
--------------------------------	---------

<b>Aqueous solubility</b>	Very soluble
---------------------------	--------------

<b>Identification (IR)</b>	Conforms to Reference
----------------------------	-----------------------

<b>Sensitivity to Formaldehyde</b>	Pass
------------------------------------	------

<b>Sensitivity to Nitrate</b>	Pass
-------------------------------	------
