

Specification

Technical Data Sheet

Product Name	Arsenazo III disodium salt
---------------------	----------------------------

Product No	26370032
-------------------	----------

CAS Number	62337-00-2
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	820.33
-------------------------	--------

Specification

Appearance	Black powder
-------------------	--------------

Identification by MASS	Should conform to the structure
-------------------------------	---------------------------------

FTIR	Complies to sample structure
-------------	------------------------------
