

Specification

Technical Data Sheet

Product Name	Tetramethylammonium hydroxide, 25% solution in water
---------------------	------------------------------------------------------

Product No	27489600
-------------------	----------

CAS Number	75-59-2
-------------------	---------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	91.15
-------------------------	-------

Specification

Appearance	Clear Colourless - Yellow liquid
-------------------	----------------------------------

AS	0.01ppm max
-----------	-------------

Ca	1.5ppm max
-----------	------------

Cu	0.1ppm max
-----------	------------

Fe	1ppm max
-----------	----------

K	0.1ppm max
----------	------------

Na	0.5%ppm max
-----------	-------------

Specification

Pb	0.01ppm max
-----------	-------------

Ag	0.01ppm max
-----------	-------------

Al	0.5ppm max
-----------	------------

Mg	0.1ppm max
-----------	------------

Purity	24-26%
---------------	--------

Zn	0.2ppm max
-----------	------------
