

Specification

Technical Data Sheet

Product Name	Magnesium sulfate SG anhydrous
---------------------	--------------------------------

Product No	27614824
-------------------	----------

CAS Number	7487-88-9
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	120.37g/mol
-------------------------	-------------

Specification

Appearance	White powder or crystals
-------------------	--------------------------

Identification	Conforms to reference
-----------------------	-----------------------

pH	5.0 - 9.5
-----------	-----------

Assay	≥98% (MgSO ₄)
--------------	---------------------------

Chloride (Cl)	≤0.03%
----------------------	--------

Iron (Fe)	≤0.003%
------------------	---------

Arsenic (As)	≤0.0002%
---------------------	----------

Specification

Heavy metals (as Pb) $\leq 0.0008\%$

Magnesium (Mg) $\geq 19.8\%$
