

Specification

Technical Data Sheet

Product Name	1-Adamantanol (1-Hydroxyadamantane)
---------------------	-------------------------------------

Product No	27791922
-------------------	----------

CAS Number	768-95-6
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	152.23
-------------------------	--------

Specification

Appearance	White crystals
-------------------	----------------

Melting Point	242°C ~ 250°C
----------------------	---------------

Water	≤0.5%
--------------	-------

Purity (GC)	≥99%
--------------------	------
