

Specification

Technical Data Sheet

Product Name	4,4'-Diaminodiphenyl sulfone (Dapsone)
---------------------	--

Product No	28069836
-------------------	----------

CAS Number	80-08-0
-------------------	---------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	248.3
-------------------------	-------

Specification

Appearance	White to off-white crystalline powder
-------------------	---------------------------------------

Fe	<0.2ppm
-----------	---------

Loss on Drying	<0.2%
-----------------------	-------

Melting Point	175 - 181 Deg C
----------------------	-----------------

pH	6 - 8
-----------	-------

Content	>99% HPLC
----------------	-----------
